Gehrer brings efficiency to the next level

Gehrer - your innovative partner - introduces

Gecko - Valuable Rack System with the established Gehrer ink technology

Security Essen was a great success and we were delighted to meet many of your customers and partners.

To mark the 40 years of Gehrer AG it is our pleasure to introduce our latest innovation:

Gecko - The valuable rack system protects your assets with security ink and brings the efficiency with its high numbers of individual compartments to a whole new level. Thanks to the innovative engineering, the Gecko reduces service and maintenance costs by more than 30% compared to equivalent systems.

Please contact us, if you are ready for the next generation of security systems.
